

Libraries in Sharpsburg

February 6 at 7pm

Sharpsburg Library

The public library in Sharpsburg was organized in 1902 and has functioned continuously except for short periods when a change of location was necessary (8 locations!). Many prominent Sharpsburg residents were involved in the establishment and running of the library.

Vernell Doyle from the Sharpsburg Historical Society and Stephanie Gray from Antietam Battlefield will talk about the libraries that the historical society and battlefield maintains. All are great resources available to the public!
